

3rd Annual Fall Conference

REALIZING NORTH AMERICA'S GREEN HYDROGEN ECONOMY

ABOUT:

The Green Hydrogen Coalition is proud to present its 3rd Annual convening, bringing together policymakers, hydrogen offtakers, industry leaders, utilities, investors, developers, and NGOs to accelerate progress for green hydrogen market and infrastructure development in the Western United States and beyond.

This history-making two-day online event will include inspiring keynotes, roundtable discussions, informative presentations, and more.

OBJECTIVES:

1. Build support and momentum for IPP Renewed – the largest green hydrogen project under development in the US
2. Build support and momentum for HyDeal LA – the largest green hydrogen ecosystem project under development in the US
3. Identify regional collaboration pathways and workstreams to accelerate green hydrogen infrastructure development in the Western US

ABOUT THE GREEN HYDROGEN COALITION:

The Green Hydrogen Coalition (GHC) is dedicated to deploying green hydrogen at scale to accelerate multi-sectoral decarbonization. GHC is an educational 501(c)3 non-profit organization founded in 2019 whose mission is to facilitate policies and practices to advance the production and use of green hydrogen in all sectors where it will accelerate the transition to a carbon-free energy system.
